

# More time to ride

A Millcreek mini-spreader will save you up to 8 minutes per stall every time you clean. It replaces those backbreaking wheelbarrow trips, and eliminates the

nuisance and disposal costs of manure piles. Your garden tractor or ATV pulls a Millcreek mini-spreader right to the stall. Load it. Spread it. Job's done, and you've got more time to ride.

Select from seven sizes, for one horse up to the largest stable. Choose options like Rhino Lining®, 20-year poly floor, handy endgate, and more. Millcreek is America's most popular mini-spreader because of the exceptional quality, reliability and value.
